Ray White

Psalm 31:15

"The course of my life is in your power...."

I am slow in recognizing that it is 2025. This brand-new year is here before us and what will we spiritually do to assist God in expanding His kingdom. One thing for certain: The next twelve months will not be an accident or coincidental. Isn't it so amazing that our God already knows the outcome. And as God goes before us, we should ask ourselves, "How should I finish out this new year?"

Spiritually speaking, the lack of movement would halt good intentions. Let's not rob ourselves of golden opportunities and cripple God's glorious plans for us.

Shall we all jump head-first into seeking Him, fervent prayer, loving others, using our gifts to give back what God has given us. Don't be reluctant, decide now to live for Him wholeheartedly in 2025.

There are volunteer needs throughout our ministries at TNAZ and so much more. If our Lord has shown you a need, grab hold of it. Just do it and honor God. And in doing so set your sights on finishing the year strong.

Pastor Ray
